Technicians of the Sacred - Jerome Rothenberg 1985

A Bernadette Mayer Reader - Bernadette Mayer 1992 “She writes as if Everything were still possible in the work of a lifetime at the coincidence of all the turvy moments. Better that she's read without a thought to stop. Best so this world is found changed.” — Clark Coolidge
Barbaric Vast & Wild - Jerome Rothenberg
2015-04-07 Barbaric Vast & Wild is a continuation and a possible culmination of the project that began with Jerome Rothenberg's Technicians of the Sacred in 1968 and led to the first four volumes of Poems for the Millennium in the 1990s and 2000s. In this new and equally groundbreaking volume, Rothenberg and John Bloomberg-Rissman have assembled a wide-ranging gathering of poems and related language works, whose outside/outsider and subterranean/subversive positions challenge some of the boundaries to where poetry has been or may be practiced, as well as the form and substance of the poetry itself. It also extends the time frame of the preceding volumes in Poems for the Millennium, hoping to show that, in all places and times, what the dominant culture has taken as poetry has only been part of the story.

America a Prophecy - Jerome Rothenberg 2012
Poetry. African American Studies. Native American Studies. When Thoreau wrote in his Journal in 1841, "Good poetry seems so simple and natural a thing that when we meet it we wonder that all men are not always poets," and when Whitman describes Leaves of Grass as a "language experiment," they are expressing an approach to poetry that never ceased and has grown continuously during recent decades. This groundbreaking anthology from the early 1970s takes such an approach in presenting the poetry of the North American continent, from pre-Columbian times to the present. It includes many recognized poets of the period, though appearing here in often unexpected contexts, and others who have been overlooked but whose contributions to the development of poetry are revolutionary. Starting from their own moment, the editors have read back into the more distant past and selected from broad American traditions works that had thitherto been considered outside the realm of poetry proper: the native poetry of the American continent, African-American sermons, blues and gospels, and the sacred,
often innovative poetry of such radical religious groups as the Shakers. The book takes its title from William Blake's poem presenting the American Revolution as not only a powerful, promising and problematic historical event but the birth of a new development in man's consciousness—one that finds complex expression in the poetry of a continent. Selections mostly appear non-chronologically in juxtapositions suggesting what T. S. Eliot called the "simultaneous order" of all poetries of all times.

**A Nomad Poetics**-Pierre Joris 2003-11-05 In his first collection of critical essays, Joris maps the success and limitations of contemporary avant-garde poetics. This investigation leads him to envision a 'nomadic poetics' as a strategy for new poetic work, for translation and, fundamentally, for an ethics of early 21st century life.

**In the Months of My Son's Recovery**-Kate Daniels 2019-05-15 The poems of In the Months of My Son’s Recovery inhabit the voice and point of view of the mother of a heroin addict who enters recovery. With clear perception and precise emotional tones, Kate Daniels explores recovery experiences from multiple, evolving vantage points, including active addiction, 12-step treatment, co-occurring mental illness and addiction (known as dual diagnosis), and relapse. These intimately voiced, harrowing poems reveal the collateral damage that addiction inflicts on friends and families, in addition to the primary damage sustained by addicts themselves. Offering bold descriptions of medical processes, maternal love, and the potential for hope as an antidote to despair, this timely collection offers a firsthand account of the many crises at the heart of the opioid epidemic.

**That Dada Strain**-Jerome Rothenberg 1983 Poems consider the leaders of the Dada movement, jazz, Jewishness, war, mortality, the labor movement, and religion
New Young German Poets-Jerome Rothenberg 1959

Poasis-Pierre Joris 2001-03-01 Pierre Joris's poems are characterized by an arresting mix of passion and intellect, by what Pound called "language charged with meaning." For Joris, a language is always a second language, and his poetry takes as its main concern the question of marginality and exile. He is unique in being an American poet comfortable in three languages, and his work is filled with a dynamic language play, cross-linguistic puns, and themes of speculation on language, translation, and nomadism. Poasis, Joris's first major publication in the United States, highlights his work since the mid-1980s.

The Mirror of My Heart - 2021 An anthology of verse by women poets writing in Persian, most of whom have never been translated into English before, from acclaimed scholar and translator Dick Davis. A Penguin Classic The Mirror of My Heart is a unique and captivating collection of eighty-three Persian women poets, many of whom wrote anonymously or were punished for their outspokenness. One of the very first Persian poets was a woman (Rabe'eh, who lived over a thousand years ago) and there have been women poets writing in Persian in virtually every generation since that time until the present. Before the twentieth century they tended to come from society's social extremes—many were princesses, some were entertainers, but many were wives and daughters who wrote simply for their own entertainment, and they were active in many different countries - Iran, India, Afghanistan, and areas of central Asia that are now Uzbekistan, Turkmenistan, and Tajikistan. From Rabe'eh in the tenth century to Fatemeh Ekhtesari in the twenty-first, the women poets found in The Mirror of My Heart write across the millennium on such universal topics as marriage, children, political climate, death, and emancipation, recreating life from hundreds of
years ago that is strikingly similar to our own today and giving insight into their experiences as women throughout different points of Persian history. The volume is introduced and translated by Dick Davis, a scholar and translator of Persian literature as well as a gifted poet in his own right.

Tabernacles of Clay-Taylor G. Petrey
2020-04-17 Taylor G. Petrey's trenchant history takes a landmark step forward in documenting and theorizing about Latter-day Saints (LDS) teachings on gender, sexual difference, and marriage. Drawing on deep archival research, Petrey situates LDS doctrines in gender theory and American religious history since World War II. His challenging conclusion is that Mormonism is conflicted between ontologies of gender essentialism and gender fluidity, illustrating a broader tension in the history of sexuality in modernity itself. As Petrey details, LDS leaders have embraced the idea of fixed identities representing a natural and divine order, but their teachings also acknowledge that sexual difference is persistently contingent and unstable. While queer theorists have built an ethics and politics based on celebrating such sexual fluidity, LDS leaders view it as a source of anxiety and a tool for the shaping of a heterosexual social order. Through public preaching and teaching, the deployment of psychological approaches to "cure" homosexuality, and political activism against equal rights for women and same-sex marriage, Mormon leaders hoped to manage sexuality and faith for those who have strayed from heteronormativity.

**María Sabina** - María Sabina 2003-10

"María Sabina's Selected Works introduces and enhances the understanding of one of the world's most remarkable poets. Mr. Rothenberg frames her work within the larger context of 'ethnopoetics' with no academic reductionism whatsoever, a rare and indispensable service to a 'world poet' such as Maria Sabina. The translation of Maria Sabina, her 'autobiography' and her oral poetry, is exquisite, powerful, rendered with linguistic dignity."—Howard Norman

"This book transmits not only a full and rich experience with one of the most extraordinary personalities and poetic voices of our time, but also a great lesson in our understanding of the relations between religious inspiration and its artistic expression. It enriches our perceptions of the nature and possibilities of oral composition, complementing what we already know of it from the study of the Homeric and other poems in its great tradition."—George
Economou "María Sabina is one of the great figures of American shamanism. Her Chants is a masterpiece of indigenous visionary poetry. Her Life is the account of a woman who transcended her own culture and its material poverty to become one of the great women of the twentieth century. The veneration of her work continues beyond her death. To read her is to embark on a journey to the world of the extrasensorial."—Homero Aridjis "In the chants of María Sabina, we can appreciate the interplay of individual invention and traditional liturgy within the oral creativity of a non-literate society. The recordings of her words that have saved them from oblivion give us the opportunity to glimpse the emergence of a genius from the soil of the communal, religious folk poetry of a native Mexican campesino people."—Henry Munn

Women, Writing and Religion in England and Beyond, 650-1100 - Diane Watt
2019-12-12
Women's literary histories usually start in the later Middle Ages, but recent scholarship has shown that actually women were at the heart of the emergence of the English literary tradition. Women, Writing and Religion in England and Beyond, 650-1100 focuses on the period before

the so-called 'Barking Renaissance' of women's writing in the 12th century. By examining the surviving evidence of women's authorship, as well as the evidence of women's engagement with literary culture more widely, Diane Watt argues that early women's writing was often lost, suppressed, or deliberately destroyed. In particular she considers the different forms of male 'overwriting', to which she ascribes the multiple connotations of 'destruction', 'preservation', 'control' and 'suppression'. She uses the term to describe the complex relationship between male authors and their female subjects to capture the ways in which texts can attempt to control and circumscribe female autonomy. Written by one of the leading experts in medieval women's writing, Women, Writing and Religion in England and Beyond, 650-1100 examines women's literary engagement in monasteries such as Ely, Whitby, Barking and Wilton Abbey, as well as letters and hagiographies from the 8th and 9th centuries. Diane Watt provides a much-needed look at women's writing in the early medieval period
that is crucial to understanding women's literary history more broadly.
